About Institute:

The Government College of Engineering, Jalgaon (GCOEJ), established in the year 1996, is a Autonomous Institute of Govt. of Maharashtra. The Institute is AICTE approved and affiliated to North Maharashtra University, Jalgaon. The institute has Vision: "Globally Accepted Engineers with Human Skills". The GCOEJ is the only Autonomous institute in technical field in the North Maharashtra region and in university. The institute conducts six undergraduate engineering courses namely Civil, Computer, Electrical Electronics and Telecommunication, Instrumentation and Mechanical Engineering. The Institute has post graduate course in Electronics and Telecommunication Engineering with specialization in Digital Systems. The institute was selected by Central and State Government for Technical Education Quality Improvement Program (TEQIP) phase-II. The institute is applied for re-accreditation to National Board of Accreditation and in process to get NAAC accreditation.

Jalgaon City:

Jalgaon is educational hub in Khandesh region of Maharashtra State in INDIA. World famous Ajanta and Ellora caves are in close vicinity. The city is well connected by air, rail and road transport. Jalgaon city is 20km from Bhusawal railway junction which is one of the largest railway yards of the Indian subcontinent and 150km north of historic city Aurangabad which is well known as tourism capital and central city of Maharashtra.

Scope:

Industry-institute interaction (I-I-I) is the most preferred activity for mutual benefit and growth of industries as well as institutions. I-I-I

provides the best platform for showcasing the best practices, latest technological advancements, and their implementation and impact on the industry. Also, I-I-I promotes industry experts to participate in curriculum design which plays a significant role in preparing the students ready for the industry. Through I-I-I, industries can participate in technical education programs and cross-fertilize ideas for systems improvement. I-I-I can also increase the research and development, training and mentoring activities in both industries as well as institutions which further leads the nation to grow technologically and socioeconomically with skilled human resources.

Interaction Contents:

- Industry and Institute: Role and Overview.
- Expectations of industry from institute.
- Industrial practices, trends and experiences.
- Role of industry in curriculum development.
- Scope of practical training to students in industries
- Scope of joint programmes and field studies by students/faculty and people from industries.
- Role Training and placement office.
- Role of BOAT in apprenticeship and training.
- Visiting faculty/professors from industries.
- Scope of testing, consultancy and collaborative work.
- Memoranda of Understanding between the Institute and industries
- Establishing center of excellence, industry laboratory at institute.
- Use of Library and other resources for mutual benefits.

Eligibility of Participants:

1. **Industry:** Technical Head, HR or equivalent, R&D Head or senior member, Chairman or Proprietor, Lead Engineer and above, Branch/Unit Manager.
2. **Institute:** Principals or Vice-Principals of Technical institutes (degree/Diploma) and Training and Placement officer of institute.

Participants are requested to register in advance using the enclosed Registration Form by sending scan copy of it.

Travelling, lodging and boarding expenses should be borne by the parent organization/participants.

Last Date of Registration: 13th January 2018

Registration Form (Scan copy) should reach to
